Pharmacokinetic Principles and Application	PHRM770	3		Year 3 Summer			
Pharmacokinetic Principles and Application Lab	PHRM770L			Experience 3 - Advanced Independent Community Practice	APPE710B	4	May
Literature Evaluation	PHRM772	2		Experience 4 - Ambulatory Care	APPE720	4	June
Semester Total		17		Didactic Elective*	PHRM7	2	July
4th Professional Year							
Year 4 Fall			Month	Year 4 Spring			Month
Didactic Elective*	PHRM7	2	August	Experience 8 - Elective	APPE7	4	January
Experience 5 - Internal Medicine	APPE730A	4	September	Experience 9 - Elective	APPE7	4	February
Experience 6 - Acute Care	APPE730	4	October	Experience 10 - Elective	APPE7	4	March
Experience 7 - Elective	APPE7	4	November	Clinical Foundations	PHRM774	2	April
Off			December	Pharmacy Foundations	PHRM775	2	April
Semester Total		14		Semester Total		16	
				Total Hours		150	

* - Didactic electives can be taken at any time during the curriculum. A total of 24 hours of electives are required for graduation (didactic and APPE). The typical balance of electives would be 8 hours of didactic electives and 16 hours of APPE electives. Students must take a minimum of 4 credit hours of didactic electives and 12 credit hours of APPE electives. At least 4 credit hours of didactic electives must be Board-prep electives. A student may take an additional direct patient care APPE (total of 11) in place of 4 credit hours of didactic electives.

£ - Order of experiences 1-10 and electives during 3rd and 4th year will vary for each student
